SALON ASSISTANT

Certificate II in Salon Assistant
SHB20216

YEAR 10 TO 12 EDUCATION, TRAINING & APPRENTICESHIP PATHWAYS

VOCATIONAL EDUCATION & TRAINING COURSES

Year 11 and 12 students participate in a range of trade preparation VET courses which are offered as an integral part of the curriculum and contribute towards the achievement of the SACE. Trade preparation VET courses provide pathways into apprenticeships and traineeships through which students gain tertiary qualifications.

The trade training students experience can act as a bridge between school and entry into further tertiary qualifications. Certificate II and III qualifications are achieved by satisfactory completion of the required number of competencies in nationally accredited courses. Each competency has an allocated number of nominal hours required to successfully achieve the competency. These hours are transferred into credits for achieving the SACE.

Students undertaking VET courses:

- gain practical and employability skills that employers recognise;
- gain credit transfer and/or advanced standing into other training courses;
- make valuable contacts with employers;
- prepare themselves for the world of work;
- can gain a nationally recognised vocational qualification in addition to their SACE.

TAFE SA (RTO Code 41026) is responsible for the quality of accredited training and assessment provided and for the issuing of all qualifications and statements of attainment.

Begin your journey as a hairdresser with this course where you will learn about interacting with clients and providing hairdressing services, combined with developing skills to become an integral part of a highly creative team.

POSSIBLE CAREER PATHWAYS

Employment outcomes are to gain an apprenticeship in Hairdressing, continue studying the Certificate III in Hairdressing or work as a salon assistant in the retail or beauty industry. Possible career pathway includes:

- Hair or Beauty Salon Assistant in the Retail or Beauty Industry

REAL WORKPLACE EXPERIENCE

St Patrick's Technical College aims to create a real workplace experience for students by fostering direct links to industry. Students are exposed to the world of work through an extensive work experience program, providing an opportunity to experience the real workplace and understand what it means to be work ready.

These experiences also enable students to gain valuable exposure and vast networking opportunities to a broad range of industries which assist with career pathway exploration, upskilling opportunities and employment outcomes.

SIRXOSM003	Use social media and online tools	35

APPRENTICESHIPS AND TRAINEESHIPS

The College has a primary focus on helping students succeed through an apprenticeship, traineeship or study pathway. Students who successfully gain an apprenticeship or traineeship will either remain enrolled at the College, completing their Year 10, 11 or 12 SACE requirements as a School Based Apprentice or Trainee (SBAT), or will choose to exit the College due to gaining a full-time apprenticeship.

TAFE SA (RTO Code 41026) is responsible for the quality of accredited training and assessment provided and for the issuing of all qualifications and statements of attainment.
